

# SEMI-WEEKLY INTERIOR JOURNAL.

VOL. XXII.

STANFORD, KY., FRIDAY, NOVEMBER 9, 1894.

NO. 72

## MIDDLEBURG, CASEY COUNTY.

Squire John Tifford said the words Sunday at Mr. R. J. Hogue's that made "Jeeme" Nathan Foley and Miss Priscilla Hogue, husband and wife. As both sides of the house are strongly democratic you can safely guess what the harvest will be.

Mr. Elbert Wells, a Colson republican, agreed with Quince Jones, a red hot democrat, that in case Stone is elected, to furnish 10 pounds of powder and anvils and allow Quince to burn it in his (Wells') yard. We sincerely hope Mr. Jones will have the satisfaction of doing so.

If matters continue as they have been for several weeks, the post office department had as well discontinue this office for the good it does those who get mail here. Three days last week we had little or no mail, and it has been more or less that way for several weeks. Frequently, the *INTERIOR JOURNAL* due here on Tuesday reaches us on Thursday, and other papers due here are equally late in coming. The mail route for some years has been from Kingsville to Yoemeete and the mail has been carried by the train on the Kentucky Southern. The train on that road at present runs weekly, i.e. it goes up one week and tries to come back the next and we fear there is some carelessness somewhere along the line. Our mail should come direct from McKinney, our people are getting very tired of the present arrangement and some of these days Postmaster Denham and about 40 others are going to get mad and somebody is going to sinel brimstone.

## MATRIMONIAL MATTERS.

M. O. Parrish, aged 71, and Mrs. Elizabeth Grimes, aged 63, were married near Winchester last week. The groom is a wealthy farmer of Clark county.

Mr. L. A. Smith, 21, Miss Louis Singleton, Crab Orchard, came down Monday night and were married at the Carpenter House by Elder W. E. Ellis.

Hon. Edward Douglas White, associate justice of the U. S. supreme court, was married to Mrs. Virginia Montgomery Kent, at the Jesuit church of St. Francis Xavier, New York City, Monday. Judge White was recently appointed to our highest court by President Cleveland.

At a strawberry festival in the Freeport, Long Island, church, Miss Luella M. Mueller was one of several women who sold kisses for 50 cents each, the proceeds going towards the church funds. Wm. Corning, of Freeport, invested 50 cents and kissed Miss Mueller. The acquaintance thus begun was continued until, according to Miss Mueller, they became engaged. Later Corning's father died, leaving him a fortune. As Corning delayed the marriage, Miss Mueller finally became convinced that her lover intended to discard her altogether and she has brought suit for breach of promise.

The highest bridge of any kind in the world is the Lee River viaduct, on the Antofagasta Railway, in Bolivia, South America. The place where this highest railway structure has been erected is over the Melo Rapids. In the Upper Andes, and is between the two sides of a canon, which is situated 10,000 feet above the level of the Pacific. Counting from the level of the stream to the level of the rails, this celebrated bridge is exactly 936 feet in height. The length of the principal span is 80 feet, and the distance between abutments (total length of bridge) is 902 feet. The largest column is 314 feet two inches long, and the batter of the pier, what is known to bridge-builders as "one in three." The gauge of the road is two feet six inches, and trains cross the bridge at a speed of 30 miles an hour.

In 1887 the population of Russia, as officially reported, was 102,000,000. It is now probably 125,000,000, or almost double the population of the United States. The Empire in acreage more than corresponds with this enormous population, yet it has no constitutional Government. It is ruled virtually by one man, and he proclaims his successor.

Alas! one narrow line is drawn, That links our sunset with our dawn; In mist and shade life's morning rose, And clouds are round it at its close; But, ah! no twilight beam ascends To whisper where the evening ends.

—O. W. Holmes.

Henry Wilson, the postmaster at Welleson, Fla., says he cured a case of diarrhoea of long standing in six hours, with one small bottle of Chamberlain's Colic, Cholera, and Diarrhoea Remedy. What a pleasant surprise! Such cures are not unusual with this remedy. In many instances only one or two doses are required to give permanent relief. It can always be depended upon. When reduced with water it is pleasant to use.

For sale by Dr. S. G. Hocker, druggist, Stanford.

## Specimen Cases.

S. H. Clifford, New Castle, Wis., was troubled with Neuralgia and Rheumatism; his stomach was disordered, his liver was affected to an alarming degree, appetite fell away and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Sorenson, Hinsburg, Ill., running sore on his leg of eight years standing. Used three bottles of Electric Bitters and seven boxes of Huckle's Arnica Salve and his leg is sound and well! John Spangler, Chillicothe, Ohio, had five large fever sores on his leg; doctors said he was incurable. One bottle of Electric Bitters and one box of Huckle's Arnica Salve cured him entirely. Sold by A. R. Penny, druggist, Stanford.

## HUSTONVILLE.

The big meeting is progressing finely and is doing considerable good. There have been 9 additions, all by baptism. Much interest and enthusiasm is being manifested and all will regret to see it close.

Dr. Riffe, who has had a slight attack of scarlet fever, is out again. There is now only one case of it in town and those who expect an epidemic need have no fears, as there is no cause for alarm.

The Hustonville Hunting and Fishing Club are rigging up poles, reels and guns for their annual Fall trip to Green river. Carroll Reid and J. G. Weatherford will be over to go with them and they say they are going to stay black bass and partridges by the wholesale. The club has some crack shots and expert anglers and if they don't do what they say, it will be because they don't want to.

They expect to have a good time in the mountains, "where the lion roareth and the whangdoodle mourns his birth."

—The members of the brass band are preparing for an entertainment to be given about Thanksgiving or Christmas. —D. P. Bethurum, county judge, P. D. Colyer, attorney, M. C. Miller, clerk, John Griffin, jailer, all republicans, were elected.

The Ladies' Aid Society, which met with Mrs. Dr. A. G. Lovell last Saturday, decided to have an oyster supper Thanksgiving evening.

—The election is over and we have a town full of sore people. Hustonville did her part, however, for the beaten candidates. In the race of a year ago for the Legislature precincts Nos. 1 and 2 only polled 189 votes for the three candidates, Helm, North and Chappell. This year they polled 280 for Cooper, 271 for Kennedy and 271 for Givens, giving them a majority of 100, 82 and 76 respectively in the two precincts. Paxton received 204 votes and McCleary's plurality was 24. Jim Dovers beat D. J. Newbern in the marshal's race by 14 votes. The republicans are highly elated over their victory, as it surpassed their most sanguine expectations. We have not only the loss of three county officers to mourn, but also the loss of Wilson, Owens, McDermott, Hill and many others. How true was the prophecy which said "the law shall override the high."

—Miss Sallie Elkij, of Lancaster, formerly art teacher at C. C., is visiting her many friends here. Misses Manie and Lizzie Thompson, of Lancaster, are the guests of Miss Bettie Powell. Miss Isabella Owsey, of Hubble, is the guest of Miss Mary Adams. Mrs. John Johnson and her daughter, Pearl, of Danville, are visiting relatives here. Mrs. Lucy Tate Payne, of Boston, has been the guest of Miss Dolie Williams, as also has Mr. J. S. Kennedy, of Richmond, and things begin to take a serious hue. Miss Bertha Morse has returned from a lengthy visit in Northern Kentucky. Miss Louise Kaufman, of Lancaster, is visiting relatives here. J. M. Alverson, of your force, was up courting Sunday. Will King, who went to Louisville, about a week ago to see about securing a position, is back, which fact will make certain young ladies' hearts beat gladly. George D. Weatherford is up from Somerton spending a few days with his mother.

—An editor was praising the women and he said: "The women are the heart of everything we know of. They are the centre and all things revolve around them. Annihilate them and how things would careen, collide, jam, topple, smash, and the voice of chaos be heard bellowing through the universe!"

—For a town not yet six months old, says the New York Evening Post, "West Beach, on the shores of Lake Worth, Fla., shows a remarkable development. It became a community of nearly 800 people within six months of the time its first business structure was built."

—A pair of hounds in Hardin county, were set on the trail of a thief one afternoon, recently, and, after following it five miles, ran into a house upstairs and into a bed in which the thief, his wife and two children were asleep.

—Three-tenths of the earnings of a Belgian convict are given to him on the expiration of his term of imprisonment. Some of them thus save more money in jail than they ever saved before.

—Whitecaps are reported to have lynched Gabe Nails and his son Ulysses, believed to be members of the Berry Riche gang of barn burners in Crittenden county.

—Over 400 diamonds are known to have been recovered from the ruins of Babylon. Many are uncut, but many are polished on one or two sides only.

—A 2-year-old son of John Reed, of Chestertown, Md., fell in a slop barrel and was drowned.

## A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family would not be without it, if necessary. Such cures are not unusual with this remedy. In many instances only one or two doses are required to give permanent relief. It can always be depended upon. When reduced with water it is pleasant to use.

For sale by Dr. S. G. Hocker, druggist, Stanford.

W. A. McGuire, a well-known citizen of Kay, O., is to the opinion that there is nothing as good for children troubled with colds or cough as Chamberlain's Cough Remedy. He has used it in his family for several years with the best results and always keeps a bottle of it in the house. A few drops in a glass of water will cure a severe cough. He uses other remedies without benefit and then concluded to try the children's medicine and to his delight it soon effected a permanent cure.

## MT. VERNON, ROCKCASTLE COUNTY.

—Mr. Hugh Miller is improving his residence.

—What is the matter with politics in this county?

—C. C. Williams is erecting a brick office and store building on Church street.

—The mill belonging to Gentry Bros., near town was consumed by fire Monday night.

—Mr. Wm. Wallace, of Paint Lick, was here with his cousin, Toles Wallace, on a fishing excursion.

—The members of the brass band are preparing for an entertainment to be given about Thanksgiving or Christmas.

—D. P. Bethurum, county judge, P. D. Colyer, attorney, M. C. Miller, clerk,

John Griffin, jailer, all republicans, were elected.

—The Ladies' Aid Society, which met with

Mrs. Dr. A. G. Lovell last Saturday, decided to have an oyster supper Thanksgiving evening.

—Mr. J. H. Kennedy is up from Lebanon, where he has been doing the night telegraphing. M. C. Mullins was here after the landslide. Judge McClure is in Louisville on business. W. J. Newcomb has returned from a trip to Chicago.

—Rev. G. A. Christian, from the north west, was here during the week looking up lands for farmers who desire to come to Kentucky. Our real estate agents showed him around. He says he will send in quite a number of immigrants to this county.

—Roberts carries this county by 250, a falling off from the usual republican majority. In the race for county judge, D. P. Bethurum gets in by 124 over George Fish, democrat. Livingston and Brodhead districts elect democratic magistrates, thereby making a tie with the republicans, two magistrates to each party in the county.

—Jerry Bullock and son, who were so

badly injured in the boiler explosion

Wednesday morning, died Wednesday night. One of the other victims, Frank Renner, was at the point of death. Mr. Bullock was buried some 30 feet and his son was thrown probably 50 feet from the boiler into some brush, where he was found some minutes afterward.

—The protracted meeting which was

conducted by Elder Taylor, of Louisville, was generally pronounced one of

the best ever held here. The preaching

was not sensational, but the kind that

strengthens the Christian in his faith

and draws the members closer together

in brotherly love. The people gave a

substantial testimonial of their appreciation

of Bro. Taylor's efforts.

—Mr. Williams, the pension examiner

from Washington, is still here. Me-

diamese Ollie Cass and Kate Tharp, of

Brodhead, visited Mrs. Nannie Albright

this week. Miss Nancy Kennedy has

been ill. Rev. Hardin, of Centre Col-

lege, preached here Sunday. Mr. and

Mrs. George Cook, of Livingston, accom-

panied by Miss Carrie and Clyde Lair,

are in Louisville. Mrs. E. A. Reppert

and daughter have returned from a visit

to Jeffersonville. Mr. R. G. Williams

visited the homefolks this week. Misses

Bessie McClure and Lina Kennedy visited

Miss Bertha Martin at Markbury last

week. Mr. R. L. Joplin is improving.

—A frightful boiler explosion occurred

nine miles south of this place Wednes-

day at a small grist mill owned by

Wesley Mink, by which Will Mink was

killed and five persons more or less in-

jured. Jerry Bullock and son were fat-

tally injured. Frank Renner had his

upper jaw broken; Wesley Mink was

blown some distance and seriously hurt;

Porlock McPherson had his left foot torn

off and will probably die. A boy was

firing the boiler, which was an old one

that had gone through a still house fire

and steam was up to 150 pounds when

the explosion took place. The feed pipe

had become clogged with leaves and the

pump failed to work, and when it did start

the cold water forced into the almost

empty boiler caused the explosion.

—The press speaks in highest terms of

the lectures of Dr. Madison C. Peters.

The following will show how they run:

Art, striking, humorous, eloquent, and

replete with good sense. The lecture

was listened to with the profoundest at-

tention, and the large audience showed

their appreciation of the happy discourse

by good rounds of applause.—Pottsville

Miners' Journal.

At Walton's Opera House, Nov. 16.

—There's a man in Nebraska City nam-

ed Damme.

—The biggest and most populous pri-

soner in the United States is the Missouri

penitentiary.

—Charged with drunkenness 333 times

before a single police judge is the record

of one Liverpool woman.

—James Clark, of Floyd county, claims

he is 104 years old. He has lived under

every President from Washington down,

and has always voted the democratic

ticket.

## POLITICAL SHEOL.

## That's the Size of It All Over the Country.

## The Republicans Take The Tail With the Hide.

## Everything Is Lost, Honor Included.

The republicans claim 100 majority in the next House.

Pennsylvania and Michigan elect only one democrat apiece.

The report that Kendall is beaten in the 10th Kentucky, not authentic.

Even old Virginia went hell, West and crooked, losing two or more Congressmen.

Illinois republicans elect 10 Congressmen and both branches of the General Assembly.

Both Congressmen from Delaware will be republican and the Legislature is of the same party.

Even Missouri goes to the dogs. Republicans elect entire State ticket and six Congressmen.

Wyoming elects a republican Legislature, which insures two republican Senators from that State.

The republicans gained one Congressman in Nebraska, but the fusionists elected their candidate for governor.

The republicans gain two Congressmen in New Jersey and elect a Legislature which is to choose a United States Senator.

The solid South is badly broken up, Evans, republican, is elected governor of Tennessee and a republican Congressman or so is gained.

The three democratic members of the present ways and means committee, McMillen, Turner and Tazey are the only ones re-elected.

Michigan elects a republican State ticket by probably 40,000 and the democrats are only sure of one Congressman instead of what a storm was brewing in the grand old Commonwealth. Five republican Congressmen are elected sure, Dr. Hunter in the 3d, John W. Lewis in the 4th, Walter Evans in the 5th, Sam J. Pugh in the 9th and D. G. Colson in the 11th. It was at first thought that Denny was elected in the 7th, but thank goodness the country will be spared the spectacle of a bull in a china shop. Denny would be as much out of place in Congress as tauris in the other place. Owens majority is, however, only 119 to the die honor of such democrats, he is said. The democratic Congressman-elect in addition to Owens, are our own James B. McCreary by some 1,200; John K. Hendrick in the 1st, Dr. Clardy in the 2d, Joseph M. Kendall in the 10th and A. S. Berry in the 14th. Judge W. M. Beckner, democrat, is elected for the unexpected term in the 10th over our former countryman, John L. Bosley. If this kind of thing keeps up which praise God it can't, the ambition of our friend, Col. W. O. Bradley, to break into the governor's mansion may be realized. At any rate he will take fresh courage and buckle his armor more tightly on.

It was rather expected that Tuesday's battle of the ballot would result in many surprises elsewhere, but no one, not even the most sanguine republican, realized what a storm was brewing in the grand old Commonwealth. Five republican Congressmen are elected sure, Dr. Hunter in the 3d, John W. Lewis in the 4th, Walter Evans in the 5th, Sam J. Pugh in the 9th and D. G. Colson in the 11th. It was at first thought that Denny was elected in the 7th, but thank goodness the country will be spared the spectacle of a bull in a china shop. Denny would be as much out of place in Congress as tauris in the other place. Owens majority is, however, only 119 to the die honor of such democrats, he is said. The democratic Congressman-elect in addition to Owens, are our own James B. McCreary by some 1,200; John K. Hendrick in the 1st, Dr. Clardy in the 2d, Joseph M. Kendall in the 10th and A. S. Berry in the 14th. Judge W. M. Beckner, democrat, is elected for the unexpected term in the 10th over our former countryman, John L. Bosley. If this kind of thing keeps up which praise God it can't, the ambition of our friend, Col. W. O. Bradley, to break into the governor's mansion may be realized. At any rate he will take fresh courage and buckle his armor more tightly on.

The high priest of tariff reform goes down with the rest. Congressman Wilson is defeated and so are the other three democratic candidates for Congress, making a solid republican delegation. This is bad enough, but it is not all. The Legislature, which will elect a U. S. Senator, is also republican. Verify the tail goes with the hide.

The Ohio delegation in Congress will stand 19 republicans and two democrats, instead of 10 republicans and 11 democrats as at present. Song is re-elected, but Tom Johnson is snowed under.

The present House stands, democrats 219, republicans 127, populists 10; democratic plurality 92, majority over all 72. The next House will stand just as the thieving tail of republicans may elect.

Illinois republicans have probably elected 16 Congressmen and both branches of the General Assembly. Cook county has gone about 18,000 republican. Indications point to a republican majority of 100,000 in the State.

Senator Faulkner, chairman of the democratic Committee, concedes the House to the republicans by 65 to 70 plurality. The Senate will not be republican, he says, unless Harris, of Tennessee, is defeated, or unless Milder votes with the republicans.

Hon. Tom Johnson, W. L. Wilson and W. M. Springer, Messrs. Cooper and Holman, of Indiana, Stedman and Cummings, of New York, and probably Hatch and "Silver Dick" Bland, of Missouri, are some of the prominent democratic Congressmen, who caught it in the neck.

Hill went down in New York under an avalanche of 150,000 majority against him, and in favor of Vice President Morton. Tazey was tipped up stem and stern and 31 out of 34 Congressmen in the State will probably be republican. That party also carries its constitutional amendments and elects a big majority of the Legislature.

With the exception of Judge S. R. Toney for judge of court of appeals, John R. Pihes for sheriff, W. F. Johnson for county clerk and A. W. Randolph for county surveyor, the democratic ticket in Louisville and Jefferson county was beaten and in many cases very badly. Pihes won by 8,200 votes, but Judge Toney by only 20. McCreary was beaten by 4,386 votes, Evans getting 22,152 and McCreary 16,766.

McCreary's majorities are: Boyle 257, Garrard 65, Lincoln 27, Anderson 257, Jessamine 155, Madison 250, Shelby 550, Spencer 464 and Mercer 41, total 2,225. Roberts carried Rockcastle by 250 and Jackson 346, leaving McCreary's majority over him of 1,582. The prohibition and populists went in it a little bit. The governor's majority in 1890 was 1,622, so it is seen that he is not much advanced by the tidal wave. The people can't seem to go back on him.

Judge gives McCreary 1,250. Roberts 1,000. McCreary's majority 257. This is a democratic gain of 10 and a republican loss of 161 over 1890. Pugh, for one of the judges, defeated Crawford by 255 majority. Other democratic county officers are elected as follows: Hardin, county

attorney; Shumate, jailer; Nichole, clerk; Baughman, sheriff; Hocker, assessor. One reason for the decrease in the republican vote was that a great many negroes stamped the ballot under the phoenix prohibition device, thinking it was the eagle. Boyle only expected to give McCreary 100 majority.

Yesterday's Courier Journal continues the doleful story as follows: In New York the republicans have counted up to a plurality of 153,442. Wisconsin sends a solid republican delegation to Congress. So does West Virginia. Tennessee democrats are claiming a small majority for their State ticket. The Texas delegation will contain several populists and republicans in Congress. South Carolina sends one republican. The republicans seem to have North Carolina. They made a clean sweep of the Indiana congressional districts. In Pennsylvania they have 233,378 majority, with six counties to hear from. They gained 32,109 in Massachusetts. Only two went back to Congress from Ohio. And so down the line. Our one unimportant crumb of comfort in that we have probably elected a democratic State ticket in California.

## THE ERA OF EXTRAVAGANCE

A company having branch stores all over the country, using millions of dollars worth of goods, buying exclusively for cash, have naturally the advantage of others and should surely sell goods cheaper than any other in Stanford. Bob WHITNEY, one of the few democratic darkies in this county, couldn't stand to hear the republicans crow over their victory and has left the county. He is now porter for the Newcomb Hotel at Mt. Vernon.

It is said that the republican liars made the blind negro pensioner at Tumerville believe that if the democrats were victorious this time his pension would be taken from him, so he ponied up \$55. He can afford it, though, as he gets \$72 a month.

CULHANE'S MINSTRELS played to rather a top heavy house Wednesday, the democratic theatre goers being too much cast down even to enjoy a laugh. There were some excellent features and the usual dreary ones, the performance averaging up hardly with the general run.

NOTICE.—To the prohibitionists of Lincoln county: The friends of prohibition are requested to meet next Monday (county court day) at 1:30 p. m. at the court-house in Stanford. Business of importance to be enacted and a full attendance from all over the county is requested. J. K. VanArndale, chairman.

The lecture course will embrace four lectures as follows: Rev. Madison C. Peters, Nov. 10; John R. Clark, Jan. 14; M. W. Howard, Feb. 14 and David H. Shields, March 12. The admission to each lecture will be 50 cents, but by buying a season ticket for \$1.50, you save the price of one admission. The lectures are all first-class and it will repay any one to hear them. Don't let the club have to hold the bag again.

The circuit court term will expire tomorrow. Owing to numerous hung juries it has not been fruitful of results and so far but one man has been sent to the penitentiary, while possibly one or two ought to have been hung. Ike Logan, the negro boy who shot at Mr. W. E. Amon when he caught him stealing his chickens, was sent up for five years. Ike has been peculiarly pestiferous, having been charged with nearly every crime in the category, except murder, and he will leave his county for his county's good. The case against John Belden for shooting at Mr. Wilcher was continued till the next court.

The returns show that Davison is elected county judge by about 160 and Terry assessor by 24. The republicans claim the election of Cumming by 9, but we hope and believe that the official count will show that Cooper is elected.

Bully for the old Confederates. The rebels tried hard to beat old man DeBorde, but he got there in good shape and the mean white and black republicans will turnish him boarders at the jail for the next four years.

The following which was known as the wet ticket was elected at Rowland:

For police judge, W. C. Barnett; marshal, T. D. Martin; councilmen, Wm. Bunn, John W. Flowers, Alfred Hately, Wm. Tapp, Harry Dunn.

The returns show that Davison is elected county judge by about 160 and Terry assessor by 24. The republicans claim the election of Cumming by 9, but we hope and believe that the official count will show that Cooper is elected.

History repeats itself. Twenty years ago this summer Lincoln county went republican about as it did this time, at least the republicans and independents got three offices then as now. The same causes seem to have led to defeat in both years.

The boss has a majority of the fiscal court, including himself, and he can now make good his promises to his followers for working on the roads. There will be a great deal of so-called working on roads now. It will be a very nice way to put in idle time at the expense of the county.

In the sheriff's race in the primary there were 1,953 votes cast. In the final round only 1,437 remained faithful to the obligation that a vote in the first election imposed. The others proved traitors. It would not have been so bad for the secret ballot, a convenient refuge for cowards and boasters.

There is hardly a doubt that 100 or more negroes from Boyle and Garrard were brought here to vote. The reduction of the republican vote in Boyle shows that and those who are well acquainted with the negroes of this neighborhood say they never saw so many strange ones here before.

If those smart Aleck democrats who prophesied defeat so volitely had talked less and worked more, the result might have been different. The constant talk that Givens and others would be defeated operated to that end. There are always men, who watch such chances and try to get on the winning side.

Boss Davison says the INTERIOR JOURNAL did it with its little pictures. If this be true what is he crying about? Why doesn't he give thanks to whom these are due? If we did it we want some of the usufuct and now make public application for the position which we will assume, even if not appointed, of seeing that he keeps officially in the middle of the road.

We are decidedly of the impression that Boss Davison is an entire stranger to truth, that he wouldn't know old man Honesty, if he were to meet him in the big road, and that he is all things to all men, but we have never been rash enough to say that he is a fool. On the contrary he is smart, devilish smart. In other words, he is a slick duck and has

## THE SLUMP AT HOME.

Republicans Elect County Judge and Assessor.

The Democrats Hold On to Attorney, Sheriff and Jailer.

The Clerk's Race Is In Doubt.

The yellow dog democrats did it.

Gov. McCreary's majority is reduced to 27 Lincoln county, to our shame be it said.

The negroes and the lowest element of the "white trash" are on top with a vengeance.

Thomas Gooch was elected constable in the Hustonville and T. J. Benedict in the Stanford districts, both democrats.

It is as well to laugh as to sigh, but it is tough, very tough; sufficiently so to almost warrant the use of a curse word.

The former democratic workers and whoopers-up were conspicuous for their silence. Everybody seemed to be dead.

Thomas W. Napier, in the Crab Orchard district, and Jos. Knutz in Waynesburg, both republicans, were elected constables.

The official count will be made today. We have the figures from all the precincts but reserve their tabular form till they are pronounced correct.

All is lost save honor and the so-called democrats, who voted in the primary and then went back on the ticket, lost that too, if they ever had any.

The republicans elected John Edminster magistrate in the Crab Orchard district by 60 and A. G. Faulkner in the Waynesburg district by 86.

Thomas D. Newland maintained his reputation as a runner. His majority of 148. There's no use in trying to beat your Uncle Thomas. "It can't be did."

John Bailey and W. L. Dawson, democrats, were elected without opposition by the usual vote to be magistrates for the Hustonville and Stanford precincts, respectively.

The numerous prohibition fights in this county is what has gotten it out of political shape. With that question relegated to the rear for the present, our people will possibly return to their senses.

The returns received give six for Cummins but we believe the official returns will show the election of Cooper. Enough illegal votes are known to have been cast, to more than discount the slight majority.

Bully for the old Confederates. The rebels tried hard to beat old man DeBorde,

but he got there in good shape and the mean white and black republicans will turnish him boarders at the jail for the next four years.
